**No Sew Fleece Blanket**

You will need:
Fleece: 1½ yard piece or choose your own custom size. (Fleece is usually 50-60" wide)
“Ruler or Shape Cut Ruler and Rotary Cutter”: Works best to create neatly cut fringe. If you are using scissors, make sure your cuts are clean, even, and straight with no frayed edges.

This blanket is simply made in 5 easy steps.

**Step #1: (Fig. 1)**
**VERY IMPORTANT!** Before you begin, trim off selvage edges and square uneven edges as needed.

**Step #2: (Fig. 2)**
Cut a 4” square from each corner of the fleece.

**Step #3: (Fig. 3)**
Cut 4” x 1” wide fringe around blanket

**Step #4:**
Using a seam ripper, make a tiny slit at top of each fringe piece.

**Step #5:**
Feed the end of the fringe through the back side of the slit you just cut and pull through to create a neat and secure fringed edge.

Tip: Cut a 4” piece of fabric or batting to use as your corner template. (Fig. 2) It won’t slip and will make cutting easier. Using your ruler and rotary cutter cut vertically and horizontally (arrow) ALMOST to the corner (red circle) but NOT QUITE. Then use your scissors to finish the corner cut. This will give you a crisp, clean cut and you won’t cut into the neighboring fringe. NOTE: Fringe may be cut in 1/2” or 1” increments.
